

VOLUNTEER EXECUTIVE

CONSULTANTS

CONSULTING HELP WHEN YOU NEED IT

You are: A small or mid-sized not-for-profit agency.

You need: Help to meet the multiple challenges that keep you up at night.

You lack: Financial resources to hire staff & costly consultants to help you resolve those issues.

YOUR ANSWER: Volunteer Executive Consultants (VEC), an RSVP of Montgomery County program that has been providing expert & affordable consulting services since **1983**. VEC is a team of professional executives with skills in a multitude of areas. They volunteer their time to assist small and mid-sized nonprofit agencies.

A typical assignment includes an initial fact-finding meeting to determine your needs, issues and challenges. That is followed up with a proposal to help you address issues in a cost-effective manner. We recognize your organization's limited resources. Small fees may be charged which flow directly back to RSVP services within the community.

TESTIMONIALS ABOUT VEC

"The Conservancy contracted with VEC to help us find a new way to promote our services...(VEC) helped us define the concept that had been bouncing around in our heads, and formulate the necessary questions to make an informed judgement. They also conducted nation wide interviews with other similar service providers to help us judge the value of the plan. Their efforts were complete, professional, and extremely helpful."

Crystal G. Gilchrist

Perkiomen Valley Watershed

"We want to thank VEC for a solid training session for the members of our new Board. VEC's counsel over the past year and a half has been crucial for the transition of the Orchestra into a true non-profit board structure."

Joe Hochreiter

President, Youth Orchestra of Bucks County

"VEC was an important contributor to the significant success of Mission Possible: Prevent Diabetes, a program sponsored by Montgomery County Aging and Adult Services and the PA Department of Aging. The expert team helped with all aspects of the program from securing a Department of Aging grant to analysis of data at the end to designing focus group questions to writing a wonderful feature article for some of the county newspapers. I would highly recommend the professional team at VEC.
